

**POST-GRADUATE PROGRAM IN PSYCHOLOGY
SELECTION NOTICE FOR POSSIBLE RESEARCH GRANTS
FOR INTERNATIONAL STUDENTS
MASTER'S AND DOCTORATE DEGREES**

This statement provides information about selection and possible distribution of scholarships to international students entering in Master and / or Doctoral courses in 2024. The number of scholarships available for distribution is still undefined.

Requirements to participate (candidates must fulfill the following criteria):

1. To have been approved for starting the course in 2024;
2. Do not develop paid professional activity for more than 20 hours per week;
3. To have no employment relationship with PUC-Rio;
4. To not be a retiree or pensioner;
5. To be available to dedicate themselves to the Master's/Doctorate course;
6. To comply with the requirements of the respective funding agency of the scholarship.

From the application:

Registration must be made by December 22nd, 2023, by filling out the electronic form available at: <https://www.surveymonkey.com/r/bolsasPPG2024>

From the selection process:

The selection process will take place through the analysis of the Lattes Curriculum, which must be updated before registration (to do a Lattes Curriculum, see: https://www.cnpq.br/cvlattesweb/pkg_cv_estr.inicio).

Registered candidates must deposit the Lattes Curriculum and the appropriate proofs on a specific electronic platform from **January 15th to 31st, 2024**. The instructions for depositing the documents and accessing the platform will be disclosed to the registered candidates later via e-mail.

Candidates will be ranked according to the final grade after the score of their resume.

Calendar:

Registration: until December 22nd, 2023, 11:59 p.m. (<https://www.surveymonkey.com/r/bolsasPPG2024>)

Deposit of documentation: from January 15th to 31st, 2024, via internet.

Classification result: February 29th, 2024.

Suggestions:

To advance the depositing process (which will take place in January, 2024), we suggest that candidates scan their supporting documents from the Lattes Curriculum and save them in PDF format. Among the documents that can be digitalized are included: diplomas and certificates of completion of courses; academic transcripts (undergraduate, postgraduate); certificates of presentations at scientific events; certificates of papers presented at scientific events; proof of submission of articles/book chapters (current screenshot of the manuscript processing screen, editor's statement); published articles/chapters/books; statement participation in a research/scientific initiation group (include the period of time); Declaration of receipt of a scientific/technological initiation scholarship (include the period of time); declaration of completion of teaching or monitoring internship (include the period of time); certificates of completion of extension courses. This list does not contain all the possibilities of documents to be scanned. Subsequently, more information will be provided on the procedures for depositing the documents and the criteria for scoring the resumes.
